

From the President

Dear PAWS Supporter,

This fall is going to be a busy time at Centre County PAWS. We are fast approaching our groundbreaking for the new building, which will be held on September 14th (see page 2). This event will let the public know that our dream to build a new home for PAWS is finally being realized. We hope that by this time next year, our volunteers will be hard at work in the new facility doing what we do best - serving companion animals and our local community. This building will allow us to house both cats and dogs, quarantining new animals and isolating animals that are ill. Adopters will be able to meet the animals in individual meet-and-greet rooms, allowing them to interact one-on-one. We will also be able to hold low-cost spay/neuter clinics in house, providing this important service on a regular basis. Through the generosity of the community, we have raised just over half of the funds that are needed to build and maintain the building, as well as endowing the day-to-day operation of the center.

There are still many opportunities to contribute to this effort, including some naming opportunities in the new building. A major fund raising event, the Fur Ball, will be held on October 7th; for more details see page 2.

The annual PAWS Pet Extravaganza will be held on October 1st at the Snider Ag Arena on the

Penn State campus. This event showcases many aspects of responsible pet ownership and includes representatives from many local pet-focused businesses and rescue groups (see page 3). We will be holding a silent auction to raise money for the general fund because, while we are planning for a new home for PAWS, the day-to-day operations of the organization continue. The adoption donation that PAWS requests for each animal in many cases does not cover the cost of the care for that animal, particularly for our older dogs and cats; we are able to cover medical and other expenses for these animals because of your generosity.

PAWS volunteers are committed to humanely addressing this areas pet overpopulation problem through education and outreach. The new home for PAWS will enhance our ability to fulfill this mission. Thank you for your past and continuing support as we take this important step to better serve the cats and dogs, and our community in Centre County.

Carla Hass
President

Join Us at the PAWS Pet Extravaganza

★ Centre County PAWS will hold its annual Pet Extravaganza on Sunday, October 1 from 11:00 a.m. to 4:00 p.m. in the Penn State Snider Ag Arena. Admission is free, though donations are encouraged and appreciated. Everyone is welcome. Pets may accompany their families as long as they are on leashes or in carriers and have proof of a current rabies vaccination.
★ Funds generated by the Pet Extravaganza are used for general operating expenses, such as maintenance of our non-euthanasia animal shelter, medical care for PAWS animals, low cost spay/neuter clinics and assistance, educational programs, and emergency medical aid for stray animals. All funds stay in Centre County for the benefit of local residents and animals.
★ See page 3 for details on all the day's activities. We hope to see you at Extravaganza!

Groundbreaking Ceremony Scheduled for September 14

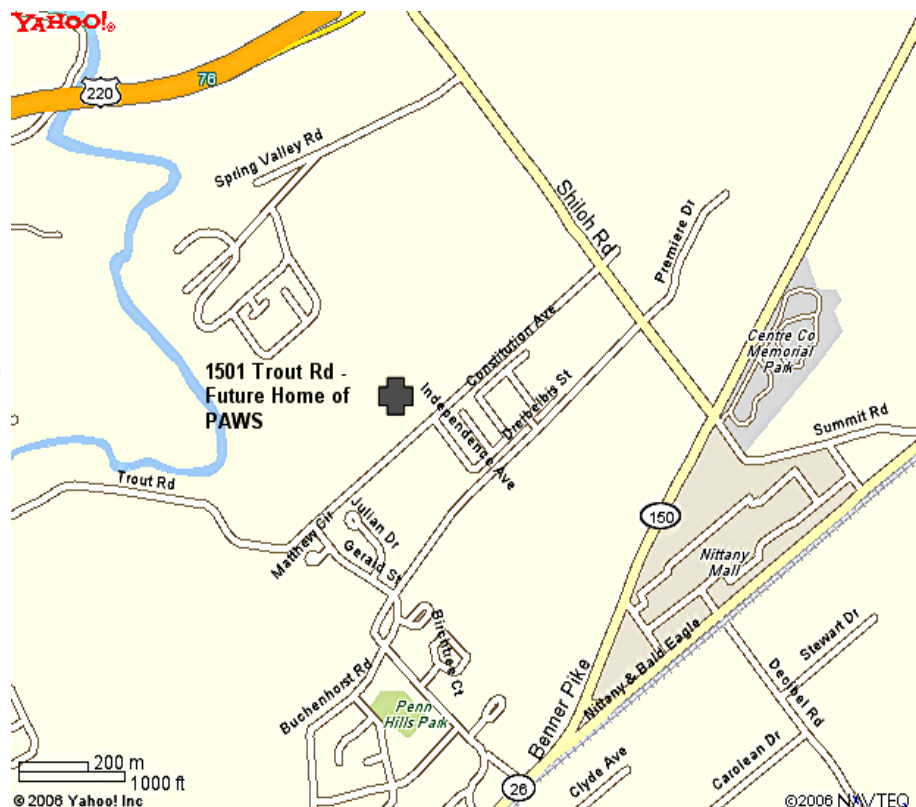

Mark your calendars for a very special date. Centre County PAWS will be breaking ground for its new 13,000 sq. ft shelter on Thursday, September 14 at 4:00 PM. The groundbreaking ceremony will be at 1501 Trout Rd, located off of Shiloh Road across from the Premier Movie Theatre. The ceremony is open to the public, and refreshments will be served.

We are currently anticipating local TV coverage from both Channel 6 and Channel 10 and would love to have a large crowd on hand to show how much support PAWS has in the community.

This new shelter will enable PAWS to provide more shelter space for both dogs and cats, increase our ability to provide low cost spay/neuter clinics, and increase the level of service to the area's homeless cats and dogs.

The shelter is a dream becoming a reality because of our amazing volunteers and overwhelming support by the community.

Be a part of the future of PAWS and join us at the groundbreaking!

First Annual PAWS Fur Ball Slated for October 7

Plans are underway for the first annual Centre County PAWS Fur Ball. The black tie optional event will be held on Saturday, October 7 at the Centre Hills Country Club. Tickets are \$125 per person with all proceeds going toward the new building fund.

Entertainment will be provided by the local band *Overhead*, featuring veterinarian and PAWS supporter Dr. Fred Metzger. The band plays a wide variety of music from the past and present and recently was the featured artist at the Lemont Summer Concert Series.

Topping off the evening will be a fabulous auction. Items to be auctioned include: an autographed Ben Roethlisberger jersey; a beautiful rug from W.E. Esber Rugs; several vacation packages; a Harold Altman lithograph; tickets to *The Producers* on Broadway, as well as many other wonderful items.

If you are interested in attending the Fur Ball, please contact co-chairs Linette Courtney (lxc2@psu.edu) or Debbie Bezilla (dab1183@adelphia.net) for more information.

October is National Adopt-a-Dog Month

Each October, the American Humane Association partners with local animal shelters across the country in promoting Adopt-a-Dog Month, a massive national campaign to highlight wonderful homeless dogs waiting to be adopted. The special month encourages people to visit their local animal shelters to adopt their new best friend.

PAWS has many wonderful dogs waiting for their "forever home". Due to our current space constraints, we rely heavily on foster homes and local kennels to house the PAWS dogs until they are adopted. If you have room in your home and heart to

foster, please contact Liz Strickler (lsds315@adelphia.net) for more information.

Additionally, there are a number of wonderful breed rescue groups in our area that have homeless purebred puppies and dogs available for adoption.

You can meet the PAWS dogs each Sunday from 12-2 at the PAWS center on Benner Pike, the 1st & 3rd Wednesday of the month at Petco in State College from 5:30-7PM and on the 2nd, 4th, and 5th Wednesday of the month, from 5-7PM at Lyons Kennels, located at 1826 Zion Rd. in Bellefonte (weather permitting).

A Day of Fun for Everyone at the Pet Extravaganza!

Plans are well under way for the 2006 PAWS Pet Extravaganza, which will be held on **Sunday, October 1 from 11 to 4** in the PSU Ag Arena. Admission is free, though donations are encouraged and appreciated. Pets are welcome as long as they are on leashes or in carriers and have proof of a current rabies vaccination.

There are many fun events planned including: dog demonstrations; pet look-alike, costume and trick contests; baked goods and craft sale; silent auction; raffle; rabies clinic; local animal rescue groups; the Kids Corner.

Local pet-oriented businesses and Extravaganza sponsors will be on hand with information about their services and products.

PAWS cats and dogs currently available for adoption will also be

The Craft and Bake Sale area of the PAWS Pet Extravaganza is always a fun and busy venue. Shopping here is a great way to get some early holiday gifts or to stock up on homemade goodies for snacks and lunches. There's something in everyone's price range and it's a fun way to take home a treat from the event and support PAWS at the same time. Mary Miles and Toni Miles will again be heading up this area. They could use your help in filling the tables with crafts and baked goods suitable for people or their pets. Items can be delivered to the Ag Arena on the day of the event, October 1st, at 10 AM.

A New Home for PAWS - Building Project Update

Through many generous donations from community members and contributions from charitable organizations, the new building for Centre County PAWS is closer to becoming a reality.

In less than one year the PAWS New Building Campaign has made great strides in fundraising and already has generated more than \$1 million in donations and pledges. While the original goal of the project was \$1.5 million -- \$1 million for the building and \$500,000 for an endowment -- due to inflation, construction costs and an increase in building size some adjustments have had to be made and the target goal has increased.

The estimated building cost for a fully functional 13,000-square-foot facility is \$1.5 million, and PAWS will still need to raise an additional \$500,000 for the endowment.

PAWS has served Centre County for the past 26 years. For the first 15 years, PAWS operated through a network of volunteer foster homes. Since 1995, PAWS has occupied an 870-square-foot facility, graciously leased to the organization by Fred Metzger, DVM, for one dollar per year.

The much larger new building will be a realization of a dream and will greatly increase the number of rescued cats and dogs PAWS is able to help in the Centre region. PAWS has long served the community, placing dogs and cats in loving homes and striving to change the region's attitude toward pets and pet ownership. PAWS remains the only non-euthenasia animal shelter in our community and offers spay/neuter assistance programs, educational outreach and emergency medical aid for stray animals.

But PAWS still needs your help. If each and every animal lover and friend in the community could donate a gift (be it large or small) the PAWS animals will be that much closer to their permanent home. Every donation counts! For more information visit www.centrecountypaws.org or call the development office at 238-5542.

The official groundbreaking ceremony for the new building will be held at 4 p.m. on September 14th and we invite the community to join us as we take this first step first step in realizing the dream of a new home for rescued dogs and cats in our community

The Lonely Hearts Club

Ben

Editors Note: The Lonely Hearts Club is currently without leadership. Founder and President Ebony is in a new foster home! If things work out, this may be permanent. An election may need to be held soon!

Ben: Big, beautiful Ben is a gentle dog that is good with children. He gets anxious when left alone so he needs a home where someone is around most of the time.

Cooper

Yoda is an intelligent dog who knows sit, shake and other commands. She would do best in a home with no other animals and with older children.

Nellie is a terrier/beagle mix who loves to go for walks and burrow under the covers with her person. She is spayed and up-to-date on her shots.

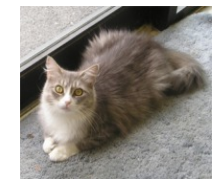

Scully has been a member of the Lonely Hearts Club for a long time and would love nothing more than a forever home. She would prefer a home with just adults and no other dogs. She seems to do fine with cats.

Cooper is a sweet and beautiful caramel-colored tabby. He is getting bored being at the center and would love nothing better than to fly the coop to a home of his own.

Tiffany recently returned to PAWS from her foster home. Her foster family moved and were unable to take her. She has not adjusted well to being back at the center with so many other cats and can be a bit hissy, but outside of the center she is a beautiful loving cat with so much to offer. Tiffany needs a new foster home or a permanent home.

Tulley & Finnegan are beautiful brothers who need to be placed together. Their foster Dad reports they get along well with his dog. Double the love and adopt these wonderful brothers.

Fern is a quiet kitty who doesn't get a lot of attention from potential adopters with all the rambunctious kittens at the center. But this beautiful girl will make a wonderful companion. She is spayed and ready to find a home.

Donor Profiles - Community Members Making a Difference

Throughout the next year, PAWS will be profiling community members who have pledged support to the PAWS New Building Campaign. This quarter we are featuring Barbara and John Coyle and Felix Boake and Kelly Grimes.

Barbara and John Coyle of State College

Q: How long have you been animal lovers?

A: Barbara--since childhood. My dad was fond of dogs, and we always had dogs when I was growing up. I wanted to get a dog as soon as possible after John and I got married.

John--We did not have any pets when I was growing up. Five children in a small row house in SW Philadelphia was not conducive to pet ownership. Barbara converted me to a dog lover--German Shepherds. We had four beautiful dogs over a span of 37 years. We also "inherited" a small Shih Tzu from Barbara's mother while our fourth German Shepherd was alive. We often received comments about our 12 pound, male Shih Tzu and our 125 pound, female German Shepherd when we were walking them. They got along famously and provided us with much pleasure and many laughs.

The fondness for animals has been passed on to our children. Our daughter has a Great Dane (a gentle giant) who has visions of being a lap dog and likes to join with the three kids in various activities, especially eating. Our son has a Bernese Mountain dog, five cats, two rabbits, etc. and four kids--always activity in their house!!!

Q: When did you first become involved with Centre County PAWS?

A: About two years ago, when Linette Courtney invited Barbara to join her on a Development Committee to raise funds for a new building. John subsequently joined the group.

Q: Why did you choose to donate to the new building campaign?

A: Because we were very impressed with the work that the PAWS organization had done and was doing in the Centre County area, and we felt that there was a genuine need for a new facility to enable PAWS to expand and improve their services.

Q: What would you say to other community members who

are considering donating to the PAWS new building project?

A: Animals, especially dogs and cats, can and do play an important role in enriching lives of individuals and families. Anything that we can do to match an unwanted dog or cat with a home is a special opportunity to improve the happiness of the animal and a family or individual.

Kelly Grimes and Felix Boake of State College

Q: How long have you been animal lovers?

A: Since 2000, when we met our first cat.

Q: When did you first become involved with Centre County PAWS?

A: This campaign; however, we've known and supported what PAWS does for a long time.

Q: Why did you choose to donate to the new building campaign?

A: Our lives have been enriched by our cats. We think more people would benefit by having a relationship with a dog or cat that has benefited from a second chance provided by PAWS.

Q: What would you say to other community members who are considering donating to the PAWS new building project?

A: When you consider how much good has been done since PAWS' inception with modest facilities, then a modern, larger facility will allow more dogs and cats to be cared for, and hopefully, find loving homes.

Five Things You Can Do to Help PAWS

1. **Become a volunteer:** For 26 years PAWS has been run entirely by volunteers. With the building campaign underway and a new, larger shelter due next year, we need to substantially increase our volunteer ranks. So get involved now!
2. **Make a donation:** PAWS receives no money from the state, county or local governments. We are 100% self-funded.
3. **Become a PAWS foster family:** The number of animals needing assistance from PAWS far exceeds our shelter capacity. Foster homes allow us to care for more animals and help the animals transition to their forever homes.
4. **Spay or Neuter your pets:** The overpopulation of cats and dogs can only be stemmed with aggressive spay/neuter programs. If your friends or family have unaltered pets, educate them about the benefits of altering their animals and about the PAWS Spay/Neuter Assistance Program.
5. **Spread the word about PAWS:** Tell your friends and family about all that PAWS does and ask them to make donations or volunteer.

PAWS President Carla Hass accepts supplies and a cash donation from Kate Nese, who asked for donations to PAWS in lieu of birthday gifts. Thanks for caring, Kate!
