## **From the President...**

2007 is off to a great start for PAWS. The outstanding efforts of our volunteers were acknowledged by the CBICC, which presented the organization with the annual Community Service Award. We know how much time and energy our volunteers devote to promoting responsible pet ownership and it is gratifying to have the community recognize their contributions. Also, the new home for PAWS is under roof and well on its way to completion. Please see page 3 for more details, including information on how you can sponsor a tree in honor or memory of a beloved pet or person. The target month to start operating out of the new center is August; you can check out the web site for details as that time approaches.

One of the most rewarding parts of volunteering with PAWS is hearing how adopted animals are doing in their new homes, and we are pleased to share some of these happy endings with you. There are many great animals at PAWS waiting for their forever homes, and the Lonely Hearts Club showcases some of the wonderful adult animals available for

adoption. The calendar shows that spring is here but outside winter has not quite left State College. However, kitten season is starting, as evidenced by an increase in calls from people who have pregnant cats. Spay/neuter is our primary tool to deal with cat overpopulation. PAWS provides help through our Spay/Neuter Assistance Program, as well as by offering low cost spay/neuter clinics. Three clinics have been scheduled for this year; page 2 has more details. By the end of the year, we will be holding these clinics in the surgery suite at the new adoption center, providing more assistance to those in need.

PAWS was founded by members of our community and its growth over more than twenty five years is a reflection of the importance of animal welfare concerns to the people in Centre County. As we take this next step, building a new adoption center that will greatly improve the ability of PAWS to address these concerns, we are grateful for your continuing support. Thank you.

Carla Hass, PAWS President

## **PAWS Wins Community Service Award**

PAWS has won the Chamber of Business & Industry of Centre County (CBICC) Annual Community Service Award! The award is given to an organization or individual that does exemplary work in service to the community.

The award is sponsored by the Centre County Community Foundation, Inc. PAWS received the award at the CBICC Awards Gala on

February 22. This award recognizes the dedication, commitment and spirit of all our volunteers. It is a real credit to everyone - two footed and four footed - involved with PAWS.

If you are interested in volunteering, donating or just learning more about PAWS, please visit our website at [www.centrecountypaws.org](http://www.centrecountypaws.org) or stop by the PAWS adoption center any weekend between 11 AM and 4 PM.

**Shelter Hours:**

11-4 Saturday & Sunday

## Annual PAWS Membership Luncheon to be Held in May

Make plans to attend the annual PAWS membership luncheon! The luncheon will be Wednesday, May 16, at noon at the Penn State Conference Center Hotel. This is an exciting time for PAWS. The new building is rapidly being constructed with an anticipated move-in date of August of this year. Luncheon speakers Carla Hass and Linette Courtney will talk about the construction process, fundraising needs, and how the new building will impact PAWS' mission of promoting responsible pet ownership and animal welfare. There will be time afterward for questions and answers.

The cost is \$17 per person. All individual, family, and business members are welcome. **If you're not a member of PAWS**, please complete the membership application form on the last page of the newsletter and mail it in along with the luncheon reservation form.

## 2007 Low Cost Spay/Neuter Clinics Scheduled

PAWS will be sponsoring 3 low cost spay/neuter clinics in the coming months. Once again, Dr. Renee Calvert and the staff of Mountain MobileVet will be providing medical services in their mobile veterinary clinic. The dates and locations for the clinics are:

- Sat. June 9 at the Benner Township Building, 1224 Buffalo Run Rd. (Rt. 550), Bellefonte
- Sat. Aug. 11 at the Port Matilda Fire Hall, 101 E. Plank Rd., Port Matilda

- Sat. Oct. 20 at Benner Township. Building, 1224 Buffalo Run Rd. (Rt. 550), Bellefonte

If you are interested in registering your dog or cat for one of these clinics, please call 237-8722 and select line 4. Please indicate in your message that you are interested in the spay/neuter clinics.

If you have a family member or friend with an unaltered pet, please encourage them to sign up. There simply aren't enough homes for them all!

*"To provide homes for all of the unwanted and homeless animals, every family of four in the US would need to have approximately 8 dogs and 20 cats."*

Dr. Kim Langholz  
Iowa State University

## A New Home For PAWS - From a Dream to a Reality

Since last November, the construction site off Trout Road has been buzzing with activity. The mild early months of winter allowed the crew to make rapid progress getting the building “under roof” before the snow started to fly. It is anticipated that the construction phase of the project will be complete by mid-June. At that point, PAWS will take over and begin outfitting the interior of the building with all the items needed to run a large shelter: stainless steel cages, industrial - grade appliances, office furniture and lots of animal care supplies. If you or someone you know is interested in donating a “big-ticket” item such as those mentioned above, please contact Linette Courtney at [lc2@psu.edu](mailto:lc2@psu.edu).

Follow the progress of the building at [www.centercountypaws.org](http://www.centercountypaws.org)

### PAWS Tree Campaign Underway

PAWS is launching a “Tree Campaign” to raise much-needed funds for the landscaping at the new shelter. County and township code requires PAWS to plant specific types and numbers of trees around the building for sound mitigation.

To help offset the cost for the large number of trees required, PAWS is soliciting community members and businesses to sponsor the planting of a tree in honor or in memory of a special person or pet. The name of your special person or pet will be placed on a plaque in the new building as well as in front of the tree you spon-

sor. PAWS needs sponsors for the following trees:

- Winterberry: \$250 (32 required)
- Silky Dogwood: \$250 (30 required))
- Green Ash: \$500 (6 required)
- Red Maple: \$500 (16 required)
- Pin Oak: \$500 (18 required)

If you are interested in sponsoring a tree, or know someone who is, please contact Lisa Drobka at [lisadrobka@mac.com](mailto:lisadrobka@mac.com) or Ron Stanley at [rstanley@stanleyreid.com](mailto:rstanley@stanleyreid.com), or fill out and return the donation slip below.

*Trees are the best monuments that a man can erect to his own memory. They speak his praises without flattery, and they are blessings to children yet unborn.*

- Lord Orrery, 1749

## Happy Endings...From Lonely Hearts to Forever Loved

In the last year, PAWS has placed many cats and dogs that had been with PAWS for a long time. Many were members of the Lonely Hearts Club. Some had emotional or physical issues that made them harder to place. But, as we have come to learn over the years, there is a home that is right for each of the animals in our care. It may take a while to find, but when we do, it makes all the hard work worth it. To see an animal who was abandoned, abused, or just not wanted anymore go out the door with a new, loving family makes everyone at PAWS want to keep doing what we do. So cheers to our special friends who have started their new lives and thanks to the loving families who took a chance on these special cats and dogs.

**Lillian & Ginger:** The “shy sisters” were found taped inside a box outside the PAWS center one cold November morning. Terrified and cowering in their cage, overlooked by potential adopters looking for more friendly and fearless cats, these girls overcame so much. It took them a long time to muster up the courage to explore the center but once they got over their fear, there was no stopping them. They blossomed into lovely, affectionate cats. Everyone who worked at the center while they were there had a special place in their hearts for them. Both have been adopted by wonderful families. Ginger now shares her home with former PAWS cat and founder of the Lonely Hearts Club, Ebony (see below) and Lillian now lives with former PAWS cat Simon.

Lillian (l) and Simon  
(r) relax at home

Ginger sunning her-  
self on the porch

**Ebony:** Given up by his original family because of a treatable medical issue, Ebony spent over a year with PAWS waiting for his forever home. Ebony has a certain air of wisdom about him, preferring to lounge on the desk in the office with the volunteers, watching the other cats carefully. We were all thrilled when he went into a long-term foster home, but this did not work out as we had hoped. He was back at the center looking a little glum. Instead of feeling too sorry for himself, he founded The Lonely Hearts Club (with the help of some of the volunteers). He thought if he could tell people about all the wonderful adult cats and dogs at PAWS that sometime get overlooked, maybe people would adopt them. Well, he did such a good job, he got adopted as well! He now lives the life he always dreamed of with Ginger and his new Mom and Dad and can frequently be found hanging out in the home office.

**Tiffany:** Tiff also spent well over a year with PAWS. A bit of a “diva” at the center, Tiffany blossomed in her foster home. When her foster parents moved and were unable to take her with them, the “princess” was not happy to be back at the center and made her displeasure well known. During our “Tuxes and Tiaras” event in January, Tiffany got the royal treatment - a tiara (finally!) and was front and center at the center. Her new Mom was looking for a princess and now Tiffany is happy to rule over her new kingdom.

**Harmony:** Harmony arrived at PAWS last January. During her spay, a mammary mass was found and the prognosis was not good. Harmony went into hospice care with a PAWS volunteer and we all hoped that she would be happy and comfortable until she passed away. But, miracles do happen - she was recently given a clean bill of health and is currently in a long-term foster home. The loving care of her foster mom and excellent veterinary care (including alternative therapies) all contributed to her happy ending.

**Baxter:** You may remember Baxter’s happy face and wagging tail from the PAWS groundbreaking ceremony last fall. He kicked off the excavation of the site with some enthusiastic digging much to the delight of the supporters on hand - he even got his picture in the local newspaper! After being with PAWS for 6 months, Baxter was adopted by his foster family and we hear he is doing great. Way to go Baxter!

**Yoda:** A beautiful boxer mix, Yoda spent 16 months with PAWS waiting for her forever home to find her. Yoda was a bright dog and knew many commands. She also had a calm, laid-back personality. However, she needed to be the only animal in the home and was very protective of her human family. Yoda was placed in a foster home during her stay and she made such a good impression, they adopted her. Her new family reports she is doing well and they love her very much.

**Nanouk:** Nanouk is a beautiful husky/malamute/samoyed mix who spent over 6 months with PAWS. He is an older dog (about 6 years) so had a stroke against him from the start. Nanouk was featured in the Lonely Hearts Club several times before his family found him and fell in love. They report he is fitting in well in their home and has become a beloved member of the family. Nanouk proves that adopting an older pet is a wonderful thing to do..

Brownstone

**Brownstone:** A half beagle, half Staffordshire terrier, Brownie is pure adorable. He is about 1 year old and 40 pounds and should remain a medium-sized dog. He does well with children and other dogs but should be the only male dog in the house. He should be in a home where someone is home a lot and without cats. He is an intelligent dog that is willing to please.

Bugsy

**Bugsy:** This male terrier mix is so sweet! Bugsy is actually quite young ~ only about 3 years old! (So don't be fooled by the gray muzzle!) He loves men, women, children as well as other dogs, both big and small. He loves to play or he is content to cuddle on your lap. He needs a home where someone is home a lot ~ he doesn't really need attention, as much as he needs company. He also has a skin disorder that requires frequent baths and regular vet care.

Matilda

**Matilda:** This 1-year beagle/Staffordshire terrier mix is very outgoing and friendly! Matilda (Tilly, for short) thrives on love and attention and we suspect she may be Brownstone's littermate. She loves to go for walks and car rides. She still has a lot of puppy in her and needs someone who can spend time training her. She does well with children.

Tinks

**Tinks:** This 1-year old boxer/pit mix is a wonderful dog - friendly and very energetic! She loves attention and people. She is housetrained, crate trained and spayed and has attended some obedience classes. Tinks needs a new home because her owner joined the military and won't be able to take her with her. She should be the only dog in her home. She is living in the kennel and desperately needs a home, foster or permanent.

**Austin:** Austin is deaf, but that doesn't keep him from being quite a character and very loving and lovable. His foster mom wrote: "Austin is extremely friendly and affectionate. He loves Fancy Feast and even though he is deaf, he watches our body language and does what we ask." His beautiful white coat will require frequent grooming. Austin is a wonderful boy who deserves a loving home to call his own.

**Calvin:** He looked a little rough around the edges when he first arrived, but Calvin is now a beautiful steel-grey cat who loves people. This fondness does not carry over to other cats, so he would do best as an only cat. He does not "show" well at the center, but one-on-one, he is a friendly, funny cat sure to charm anyone who gets to know him.

**Little Girl:** Little Girl or L.G. as she is now called, was always a bundle of pure energy at the center. If you saw a streak flash by you, it was L.G. It's hard to be a kitten that grows up in a shelter - all that kitten energy wants to come out but being in a cage doesn't lend itself to lots of exercise time. Now that L.G. has matured and is in a foster home, a new, calmer cat has emerged. Her foster mom reports she is now prefers hanging out with people, cuddling on their lap instead of running like mad. She is getting along well with the other cats and would be a wonderful addition to any home.

**Socrates:** Socrates was dumped in the middle of nowhere in the dead of winter. He tangled with other homeless cats, trying to eke out a meager day-to-day existence, and by the time he found his way to PAWS, he was tired, hungry, frostbitten and beaten up. A terrible case of ear mites has caused his one ear to be permanently folded. We think it makes him even more endearing. Socrates loves to eat and play (now that his cat siblings have taught him how) and he enjoys sharing a bed with his foster dad and new cat friends. Socrates doesn't show well at the center, but this special cat deserves a loving home where he will never feel abandoned again.

Austin

Calvin

**VOLUNTEER RECRUITER  
NEEDED!**

If you are an outgoing person who is enthusiastic about what PAWS does and loves people, we need you. Help us recruit new volunteers to staff our fabulous new shelter. If you are interested in learning more, please email Debbie at dab1183@comcast.net or Carla at calisto@statecollege.com .

*\*This is an unpaid position\**

## Membership Application & Donation Form

In 2006, PAWS placed 160 cats and 154 dogs in permanent, loving homes. PAWS also provided spay/neuter assistance, educational programs and outreach to Centre County. Please help us continue our work by making a donation of money and/or time. *PAWS is a 501(c)(3) charitable organization. Donations are tax deductible.*

Membership entitles you to vote in our March general election. Members also receive a complimentary subscription to our newsletter, *PawPrints*, and a 10% discount on all PAWS merchandise.
