## IS THIS THE LADY FOR YOU?

Lady ready to snuggle

**Lady** will steal your heart with just one look. Visitors to PAWS exclaim, "What a beautiful girl!" when they see her. She has a stunning red coat, gorgeous amber eyes and a hint of a white stripe down her nose.

**Lady** is a four-year old golden retriever mix, who will make a wonderful addition to a loving family. She loves to go for walks, but also loves to snuggle. **Lady** is good with children. She seems to love everyone!

When it's time for her to go back to

her kennel after her evening walk at PAWS though, **Lady** looks sad.

She just wants a home where she can love and be loved and snuggle when her evening walk is over.

Please stop by and meet the **Lady** who will steal your heart. She'll take great care of it and return your love a thousand fold. She just may be the perfect addition to your home!

## CAT MOMS OF THE YEAR

## SATURN LOOKING FOR LOVE

**Saturn** put her kittens first like any good mom. She's waited to be sure all her kittens were in forever homes before putting on the pressure for one of her own.

**Saturn** was pregnant when she came to us last year. She wasn't very big so we figured she wasn't far along. But **Saturn** had a surprise for us—five of them, in fact. On her way to the vet's for some standard tests, she presented us with the first of five beautiful kittens. Now that her "kids," Titan, Janos, Tarvos, Rhea, and Pheobe are all adopted, **Saturn** is ready for her turn. She is making her bid from Wiscoy seven days week during the store's regular open hours. Wiscoy is located at 424 W. Aaron Dr., State College. Check out this slick black beauty with the white tip on her tail. You'll be glad you did.

Many thanks to the staff at Wiscoy for taking such wonderful care of our PAWS cat-in-residence.

Saturn

family. By the end of 2008, **Ella** and her entire family had been adopted. Thanks to you, they are all enjoying **Happy Endings**.

## ELLA FINDS A HOME

Another Cat Mom of the Year is **Ella**. Like **Saturn**, she was pregnant when she came to PAWS. Shortly after her arrival, **Ella** gave birth to a single kitten, her sweet Rosemary.

A few days later, three kittens whose mother had been killed found their way to PAWS. We decided to see if **Ella** would take them in. And she did, nursing Bix, Benny and Basie right along with Rosemary.

About a week later, we once again asked **Ella** to add to her litter. Dizzy happily joined **Ella's**

Ella

## FROM THE PRESIDENT

Dear PAWS Friends,

As the snow and ice were coming down this winter, hearts were melting at PAWS. The weekend of Valentine's Day, PAWS held a special event, "Special Cats in Search of Special Families." These are PAWS cats that face challenges. Some need medication to stay healthy, others have trouble hearing, or are very shy. Some have compromised immune systems, so they need to be only cats and receive attentive vet care. None are contagious to humans or dogs, and most have needs that can be fairly easily accommodated. All love life and are just waiting for someone to give them a chance. At PAWS, we believe that every companion animal has value and deserves a high quality of life and a permanent home.

Some of our special dogs and cats are featured in the Lonely Hearts Club, where special animals meet their special people. I'm very pleased to report that two members of our Lonely Hearts Club from the last issue of *PawPrints*, **Kimo** and **Wylie**, have found homes. **Kimo** was adopted shortly before Christmas and went home with his new family for the holidays. **Wylie** was adopted in January. **Wylie's** new mom reports that he loves his new digs, follows her everywhere, and purrs almost constantly. Please meet the current members of our Lonely Hearts Club the next time you're at PAWS—you might be their special someone!

KRITEEN Miles

We held another successful low-cost spay/neuter clinic at PAWS on February 7<sup>th</sup>. The clinic was generously sponsored by Metzger Animal Hospital. PAWS spay/neuter clinics are for cats and dogs belonging to Centre County residents who are unemployed, low income, students, or on disability. We also have a spay/neuter financial assistance program (SNAP). Any Centre County resident needing financial assistance can apply to SNAP for help in covering part of the cost of spaying or neutering their companion animals or strays they are caring for. Reducing companion animal overpopulation through spay/neuter programs and education is an essential part of our mission.

Thank you for your support of PAWS!

Dave Abler  
PAWS President

## HELPING PAWS WEATHER THE ECONOMIC STORM

It seems every day we hear how bad the economy is and how long it is going to stay that way. PAWS has been seeing the impact of the current financial hardship—donations are down and requests for services such as spay/neuter assistance and owner surrender of animals are up. PAWS relies heavily on private donations to run our facility and care for our animals and we need your help during these tough times.

There are lots of things we need to run our adoption and education center that don't directly impact animal care but we still need to buy. Please consider donating one or more of the following items:

- First class postage stamps (the "Forever Stamps" are best as they can be used even after a postal increase)
- White copier paper
- Toilet paper and tissues

- Paper towels
- Small, medium and large waste can liners
- Hanging file folders with tabs
- Bottled water and soda for our volunteers while they are working
- High-efficiency laundry detergent

Another large expense is **cat litter**. We go through a lot! Please consider picking up an extra box or tub of **scoopable, unscented clumping litter** the next time you are shopping. Any brand is fine.

An easy, no cost way to help PAWS is to use **Igive** when you are shopping on-line. **Igive** allows you to shop at over 700 on-line stores and have a portion of your total purchase donated to the charity of your choice. Simply go to [www.igive.com](http://www.igive.com) and search for Centre County PAWS. Register PAWS as your charity and **Igive** does the rest.

Of course, we always welcome **monetary donations** of any size. Perhaps you can commit to making a monthly donation to PAWS or sponsor one of our wonderful dogs or cats on our website. This is a fun way to help PAWS and you can honor or memorialize a special person or pet. Check it out at

[www.centrecountypaws.org](http://www.centrecountypaws.org).

Thank you for your continued support of PAWS and the animals we care for.

Steeler, a big football fan

## SPRUCING UP THE GROUNDS

You can help the animals of PAWS and benefit the environment at the same time.

PAWS would like to literally "spruce" up the landscaping and provide a much-needed wind break.

If you're interested in donating \$500 to defray the cost of a beautiful Norway Spruce, please call the Development line at (814) 237-8722, Ext. 9 or send an email to [mail@centrecountypaws.org](mailto:mail@centrecountypaws.org).

We will acknowledge your donation with a bronze plaque at the base of your tree.

Planting season will be here soon, but we can't start without the trees.

**Go Green and help PAWS save a little green of our own.**

**Sign up for the E-newsletter today. Send an email to [newsletter@centrecountypaws.org](mailto:newsletter@centrecountypaws.org)**

## KITTEENS SEEKING FOREVER HOMES

Heinlein, one of the KitTEENS

### Wanted: forever homes.

We promise we will never borrow the car. We promise no college payments or late night calls to disrupt your sleep. In fact, we'll sleep even longer than most teenagers. Come to our **Extreme KitTEEN Birthday Party** during regular hours in March and meet us. We're sweet and awfully dang cute. And we are SO ready to go to homes our very own!

## BROWNIES HOST PAWS DANCE

Gray's Woods Brownie Troop 1152 and some of Mrs. Anne Miller's troop hosted a PAWS Dance Party on January 9<sup>th</sup>. Dozens of scouts attended the event and donated food, supplies and money to PAWS. They collected approximately 225 pounds of food and many other items PAWS needs. In addition, they presented PAWS with \$176.

The girls danced with Mr.

Ron Kauffman, a teacher at Gray's Woods Elementary School, did crafts, played games, enjoyed refreshments and learned about PAWS.

Our own PAWS cat, Cleo came to the event with handlers Bob and Bonnie Barry as well as Kim Sharp's dog, Honey, a former rescue dog. The girls were able to interact with Cleo and Honey and learn about the importance of animal rescue.

PAWS would like to thank the troop along with leaders Lisa Groves, Anne Miller and many others for organizing such a wonderful event. We truly appreciate your generosity.

## THE LONELY HEARTS CLUB

WHERE SPECIAL ANIMALS MEET THEIR SPECIAL PEOPLE

**Bones** is a one and a half year old shepherd mix, who loves his squeaky toys. House and crate trained, he is more than ready for a forever home. He has loads of energy and is great with kids, although care should be taken that this boy doesn't bowl over any toddlers.

**Bones** can be protective of his family and is not good with other dogs due to a bad experience. But he responds to a firm tug on his collar and a sharp, "No." Still, we think he should be in a home with an experienced dog person.

Dear Prospective Guardian, When I am out of the Center, I will be sooo quiet you won't even know I'm around. Except maybe a soft meow to remind you to turn the water on for me. I don't mind if it has to be the tub instead of the kitchen sink. I would LOVE to be an only cat, but

could put up with another cat. My foster mom has two. I grumble about them, but we do okay. Love, **Bingo**

**Gigi** was rescued when her owner died suddenly. She is very affectionate and loves to be held and cuddled. **Gigi** loves to prance and march. She is adorable and a wonderful companion! She is crate trained and making good progress on housetraining in her foster home.

**Gigi** is good with cats and other dogs, although she will growl at another dog if she is sitting in her person's

lap. Because she is older, **Gigi** will not be placed into a home with younger children.

**Karen's** foster mom reports that she's a very sweet, quiet cat who quickly became comfortable with their home. She loves to be petted, brushed and held and has been fine with their other cats...no hissing or snarling. And she's been OK with their laid back Newf.

A teacup poodle, **Andre** was rescued when his owner died suddenly. He LOVES to go for walks, even in the cold! He shows his pleasure by spinning in happy circles! Timid when you first approach him, he likes to check out people who are at his level (sitting on the floor), or are offering "cookies." **Andre** is good with other dogs & cats! He is house-trained & prefers to go outside, but he will use a training pad. Because he is older, **Andre** will not be placed into a home with younger children.

**Ace** is a handsome, friendly and lovable big boy. He enjoys being around people and, believe it or not, being held like a baby. **Ace** would probably do best in a home without another male cat. In fact, he'd probably love being your one and only! He's a real cuddlebug with the volunteers.

**Sweetcake** is as sweet she is beautiful. She loves when the volunteers pet her, brush her and generally make a fuss over her. She also loves high places, so a nice, tall cat

climber is a must in her new home...or at least something that will serve as a perch from which she can oversee the goings on below. She tells us that guy cats are sort of okay, but she's not fond of being with girl cats. She'd really prefer being your one and only.

## Be Mine

**Teal** is a friendly and all around lovely cat, both in temperament and physical beauty. Although she was a bit nervous at the Adoption Center at first, she grew more comfortable over time and has come to genuinely enjoy attention from the volunteers. She has claimed one of the sunrooms as her own and looks forward to touring the hallway while the volunteers clean "her" room. She even actively seeks attention! **Teal** has come a long way.

**Chloe** welcomes you with purrs and caresses and loves to be picked up and cuddled. She will kiss your face and hands and puts people before food! She's not interested in eating until she's been hugged. She had a lesion removed from her nose awhile back. It was precancerous. This just means that **Chloe** has to be kept away from the sun. She also needs eye drops every day. But since she loves to be held and pampered, that's no big deal.

## “SPECIAL” VALENTINE’S DAY CELEBRATION

Love was all around as PAWS showcased our special needs cats on Valentine’s Day. With cupcakes, balloons, slideshows and fun, we celebrated the unique qualities of each of these wonderful animals. Anyone who adopts a pet needs to be prepared for the possibility that their friend might require extensive vet care. PAWS special needs cats are no different. And there is a good chance that they will lead long, happy lives. But they need families who will monitor their health closely.

*“...fall in love with them”*

Colleen Begley, proud foster to Lacey, Sheba, and Macadam, hoped that adopters would look

beyond the kitties’ special needs to see the adorable personalities that make each of these cats irresistible.

“Someone just needs to fall in love with them.” Then they can learn about their special needs. Lacey, Sheba, and Macadam are all playful, joyous, and loving—hard to resist! They have tested positive for the FeLV virus, and are having a hard time finding homes. These three love bugs—adoptable separately or together—will be so grateful for a chance to enjoy life with a family.

*“Lovers not fighters...”*

Down the hall, Fingers and

Elliot waited eagerly for their own new beginning. The special friendship between these two boys is recounted on our website. While Fingers has exuberance and “purrsonality,” Elliot is cautious and thoughtful.

Foster mom, Linda Friend, said, “They’re lovers, not fighters.” When they were homeless, Fingers and Elliot were hurt by more aggressive cats. Unfortunately, their wounds probably exposed them to the FIV virus. So they need to protect their immune systems. These boys are filled with energy and enthusiasm and can’t wait to start new lives together with

a family.

Meanwhile, on the cat wing, Chloe and Ludwig loved the attention. Ludwig is recuperating from the tragic loss of his owner. He is deaf so he is looking for a friend who will take extra time to communicate with him. For long time PAWS cat, Shiloh, it was the best day ever—she finally met her forever family!

If you might be able to help these cats, PLEASE call 237-8722 or email [mcm114@psu.edu](mailto:mcm114@psu.edu). They have so much love to give and desperately want forever families.

## BAILEY, THE FLYING CAT

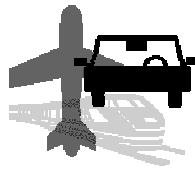

When Nancy Slaybaugh got the call from Savannah, GA, she didn’t know what was in store. **Bailey** was adopted from PAWS five years ago, but his owner found she couldn’t keep him. Would PAWS honor their commitment to take him back? We would, but how to get him from there to here?

Nancy and **Bailey’s** owner found an organization called GetMeTherePlease, run by Cheryl Kaminski from Austin, TX. She solves transportation problems like this one. Working with an organization called PilotsNPaws and at no cost to PAWS, Cheryl made **Bailey’s** incredible journey possible.

**Leg One:** Owner drove **Bailey** from Savannah, GA to Walterboro, SC.

**Leg Two:** Pilot #1, Tim Burling, who had flown from Roanoke, VA picked up **Bailey** in Walterboro and flew him back to Roanoke.

**Leg Three:** Pilot #2, Steve Shivers flew **Bailey** from

Roanoke to Frederick, MD.

**Leg Four:** Pilot #3, Alan Bernardi flew from Harrisburg, PA to pick

**Bailey** up in Frederick and flew him back to Harrisburg. Alan is also a member of another group, Animal Rescue Flights (ARF). He said he’s flown many large rescues, including as big as the one for Katrina, but had never flown a lone cat until he flew **Bailey**.

**Leg Five:** Nancy and Jack drove a dazed and confused **Bailey** from Harrisburg to State College.

**Bailey’s** story isn’t over. He’s looking for his forever home. Come visit him at the Center. He loves attention and wiggles in ecstasy when a volunteer rubs his belly.

A five-paw salute to Cheryl, Tim, Steve and Alan. As Nancy stated, “This whole thing was FIRST CLASS.”

Bailey resting after his long flight

**“This whole thing was FIRST CLASS.”**

## SCOUT GROUP VISITS PAWS TO EARN BADGE

Did you know that you can bring your scout troop to PAWS to tour the Center and learn about our programs?

Stephanie Dry’s Junior Girl Scout troop did just that.

We helped the scouts earn their Pet Care badges as they learned about shelter programs, animal diseases, responsible pet ownership, health pet diets, and appropriate pets for lifestyles. They even saw areas the public normally doesn’t see! The scouts

brought pet food donations with them, which PAWS truly appreciates. Everyone had a wonderful time and we hope to host other troops in the future.

For more information on this community service program, please contact Kim Sharp at 814-238-3311. A certified teacher, Kim has been involved with animal rescue for 21 years. She and her daughter, Robin, a

Junior scout, host these events and would love to meet your troop.

Email [newsletter@centrecountypaws.org](mailto:newsletter@centrecountypaws.org) for more information on advertising in *PawPrints*.

## CREATE PPE LOGO

Get those artistic juices flowing! Create a logo for the 2009 PAWS Pet Extravaganza and see your design on all the 2009 PAWS Pet Extravaganza tee-shirts! You'll get a tee-shirt of your own and a \$50 gift certificate to **Nittany Mall**.

The theme is "A Home for

**Every Pet."** You must include the words, "PAWS Pet Extravaganza."

This contest is open to children and young adults 17 years of age or younger. Submit your entry to the front desk at the PAWS Adoption & Education Center **no later than Sunday, July 5th**.

## DONATION RECOGNIZES IMPORTANCE OF PAWS' WORK

**Kendra, David, Fiona and Tessa** donated cat and dog care items and cleaning supplies to PAWS. They know first-hand how important the work of rescue groups like PAWS is.

They adopted their dog, **Tasman**, over the Internet. He was in tough shape: malnourished, worms, fleas, ear infection and something seriously wrong with one of his eyes. They took **Tasman** to **Dr. Smart** at Centre Animal, who worked on **Tasman's** problems and assured the family that with some TLC, **Tasman** would become a wonderful companion and learn to compensate for his vision problem. The family reports that **Dr. Smart** was right. **Tasman** is now seven years old and has become the patient big "brother" to their two little girls.

## MEMBERSHIP APPLICATION & DONATION FORM

By February 2009, PAWS placed 24 cats and 17 dogs in permanent, loving homes. PAWS also provided spay/neuter assistance, educational programs and outreach to Centre County. Please help us continue our work by making a donation of money and/or time.

**PAWS is a 501(c)(3) charitable organization. Donations are tax deductible.**

Membership entitles you to vote in our May general election. Members also receive a complimentary subscription to our newsletter, *PawPrints*, and a 10% discount on all PAWS merchandise.
